Other news and updates:

Nationally there has been a notable increase in KEYLESS VEHICLE THEFTS and THEFTS OF CATALYTIC CONVERTERS.

This has been seen across Hertfordshire in the first quarter of the calendar year, with police targeting patrols in hotspot area's. Incidents appear to be decreasing as a result.

Please ensure that all vehicles are locked and secured, dashcams used where applicable and external light at your homes are working. For cars with keyless entry, please consider disabling this feature. External 'sensor' lights are recommended to illuminate the front/ side of your homes should unknown persons approach your property.

Please continue to report suspicious vehicles that may be seen driving around in your area. If you are able to record the MAKE, COLOUR and REGISTRATION number of the vehicle, that would be very helpful.

Thank you
